Under the GDPR, which came into force on 25 May 2018, the Trustee is a Data Controller and is required to let you know how it collects, stores and uses your personal information for the purposes of the Maersk Retirement Benefit Scheme.

This Privacy Policy statement provides details of how your information is collected and used. **You do not need to take any action in response to the attached privacy statement as it is solely for your information.**

Yours sincerely,

How we use your personal information

We're sending you this privacy policy to help you understand how we collect, store and use your personal information for the purposes of the Maersk Retirement Benefit Scheme (the "Scheme").

We are committed to protecting your personal information. This statement tells you more about when, from whom, and why we collect your personal information, as well as how we use it.

The Trustee is the data controller of the personal information to which this notice relates and can be contacted using the details on page 4.

- **Your date of birth**
- **Your sex/gender**
- **Your marital (or relationship) status**
- **Your benefit entitlement under the Scheme**

- **Details of your bank account**

3 Where does your personal information come from?

Most of the personal information that we hold is provided by members when they join the Scheme, or when they contact the Trustee (or organisations appointed by the Trustee to help with the running of the Scheme) about their benefits.

Other information about you may be provided by current and former employers participating in the Scheme, other pension schemes and pension providers, independent financial advisers, medical practitioners, other advisers or service providers to the Trustee and Her Majesty's Revenue and Customs (HMRC).

4 What does the Trustee do with your personal information?

The legal basis for us using your personal information is to enable us to comply with our legal obligations as the trustee of the Scheme. This includes paying benefits to you and other beneficiaries in connection with members' employment (or previous employment) with an employer participating in the Scheme. We also have a legitimate interest in using your personal information to ensure the efficient administration of the Scheme, and to help us and the employers participating in the Scheme review and manage financial matters relating to the Scheme, together with our respective advisers.

In some limited circumstances, the Trustee will only collect and use certain special categories of personal information with your express consent. We will make clear to you when your consent is needed.

If we are not provided with the personal information about you that we need, it may prevent us from providing some or all of the benefits which would otherwise be payable from the Scheme.

5 Sharing your personal information with other parties

Where the Trustee considers it necessary for the purposes explained in section 4, your personal information may be shared with selected third parties, such as the Trustee's actuarial and financial advisers and other professional services providers, including those who provide data processing, administration and communication services to the Scheme. The Trustee may also share personal information with regulatory authorities and healthcare practitioners, insurers (including bulk annuity insurers and reinsurers), AVC providers, financial advisers, annuity brokers, employers participating in the Scheme, HMRC, the Pensions Regulator and any other third parties with whom we are authorised or required by law to share personal information.

Some of the third parties with whom your personal information is shared may be located outside the European Economic Area (EEA) (for example, this may happen if computer servers used by our providers are located or backed up in a country outside the EEA).

Under data protection legislation, we can allow your personal information to be transferred outside the EEA if:

- (a) the country to which your personal information is being transferred has been confirmed by the European Commission to provide adequate protection for personal information; or
- (b) the entity that is holding your personal information has entered into a written contract which requires it to provide all protections to your personal information required by data protection legislation.

In the event that the UK is no longer part of the EEA, references in this section to the "EEA" should be taken to mean the EEA and the UK.

Further information about transfers of personal data outside the EEA can be obtained by contacting us at the address below.

We will also share personal information with the actuary to the Scheme. The actuary to the Scheme is a joint data controller with the Trustee when using personal information held in respect of you for the purposes of assessing, with the Trustee, financial matters affecting the Scheme. The current actuary to the Scheme is: **Neil Mobbs, based at Willis Towers Watson, Watson House, London Road, Reigate, Surrey RH2 9PQ.**

6 How long does the Trustee keep your personal information for?

We will keep your personal information in accordance with our data retention policy as it applies from time to time. We will need to keep personal information for as long as is reasonably necessary to determine members' entitlement to benefits from the Scheme and to comply with our legal obligations in relation to the administration of the Scheme.

7 Accessing and updating your personal information

Data protection legislation gives individuals the following rights in relation to personal information held about them:

- Individuals can ask what personal information is held about them and be provided with a copy;
- If personal information held about an individual is incorrect, he or she can ask for it to be corrected;
- Individuals can ask for personal information about them to be deleted or for processing of that personal information to cease in certain circumstances, for example, where that information is no longer needed;
- Individuals can request that certain types of personal information held about them is sent to them, or another organisation, in a format that can be read by computer; and
